ARMY CIRCULARS—*continued.*

10. If at the expiration of the term of temporary pension it shall be found that the disability above referred to continues to incapacitate the pensioner from earning a livelihood, or the disability be shown by competent medical opinion to be permanent in its nature from the same cause, a pension may be awarded with reference to the character of the pensioner according to the rates laid down for men who have completed 21 years' service, for a further period, or permanently, as the case may require.

11. The pension granted in cases of unfitness for further service shall, as a rule, be limited to those cases in which the disability was caused in and by the service; but in cases of soldiers whose service and good conduct, and any other circumstances set forth at their personal examination by the proper authorities, may appear to give them a claim to some consideration, temporary pension may be granted, although the disability rendering them unfit to remain in our Army may not be stated in the discharge documents distinctly to have been contracted in and by the service.

GOOD CONDUCT PAY WITH PENSION.

12. All soldiers of our Royal Malta Fencible Artillery shall on discharge be entitled to reckon as an addition to pension the daily rates of good conduct pay of which they were in possession at the time of discharge, or to which they would have been entitled had they not been promoted to a rank above that of corporal; provided, however, that the total amount of such pension do not exceed the maximum rates laid down in Article 7. No soldier in receipt of pension for wounds or injuries, or for total blindness will be entitled to additional pension on account of good conduct pay.

13. In the case of temporary or conditional pension, the addition of good conduct pay shall, as a rule, be limited to the temporary period only, but it may also be allowed if the pension be subsequently renewed or made permanent.

GENERAL REGULATIONS.

14. Boards of Officers of our Army in our Island of Malta constituted as heretofore for the purposes set forth in our present Warrant, are hereby charged with the application of the regulations contained therein, and with the duty of investigating and checking each man's service prior to placing his name on the pension list. But the said boards shall not, without the concurrence of our Secretary of State, act upon any discharge which shall not have been completed according to the form prescribed by our Secretary of State, nor upon such discharge unless it be brought before them within six months of the date on which the soldier shall have quitted the service.

15. The award of the board shall be forwarded without delay to our Secretary of State, showing in detail the pensions which have been granted and the claims which have been refused at the board.

16. Should a soldier's military service, or the incidents thereof, appear to the board to merit a pension for which provision is not found in this our Warrant, a detailed report of the case shall be submitted to our Secretary of State, for his consideration, with a view to his granting such special rate of pension as the circumstances of the case may seem to him to justify.

17. No soldier shall have any claim to the rate of pension assigned to any class higher than that in which he was at the time of his discharge, nor to the pension of that class, unless at the date of his discharge he shall have been in it for one year continuously. Service for a shorter term than one year shall be reckoned as service in the lower class for which he will be entitled to receive pension, and shall go to increase the rate of pension accordingly. Service in a class higher than that in which the man was at the time of discharge shall, for the purposes of pension, be considered as service in the class from which the man is discharged.

18. All soldiers enlisted, re-enlisted, or re-engaged, prior to the date of our present Warrant shall, as regards their claim to pension, be entitled to every benefit (not forfeited by misconduct) which they can claim under any Warrant or regulation in force at the time of their enlistment, re-enlistment, or re-engagement.

Given at our Court at Windsor, this 4th day of December, 1878, in the 42nd year of our reign.

Cl. 10.—Remission of Stoppages for Prison Clothing.

1. When the stoppage for prison clothing has been remitted under Article 872 of the Warrant of 1st May, 1878 (Revised Army Regulations, Vol. I.), a certificate from the officer commanding the troop, battery, or company, will be annexed to the account in which credit for the stoppage would otherwise have appeared, to the effect that the amount is irrecoverable because the man has been discharged from the service and has no balance available to meet the charge.

2. Should the stoppage have been already credited, the charge against the public will be supported both by the certificate, as directed in paragraph 1, and by a reference to the account in which the credit has been given.

Cl. 11.—Levy Money for Recruits.

The following will be substituted for paragraph 12, Clause 2, Army Circulars, 1878, as amended by Clause 95, Army Circulars, 1878, and a new paragraph will be added, paragraph 12*a*:—

12. Commanding officers are held responsible for notifying to the Secretary of State all fraudulent enlistments immediately on the fraud being discovered, and without waiting for confirmation of the fact, in order that the recruiting rewards, if paid, may be recovered without delay. In the case of a head-quarter recruit, or of a recruit who is still serving with the brigade depôt which he joined on fraudulent enlistment, the liability to refund will also be at once notified to the recruiters, and to the paymaster, by the commanding officer, and the fact of such notifications having been given will be stated in the communication sent to the Secretary of State. The paymaster in such cases will recover the rewards without further notification from the War Office.

12*a*. A form, for the notification of fraudulent enlistments to the Secretary of State, has been prepared (W. O. Form 139), and copies will be supplied on application. This form should be invariably used.

2. This allowance is not, however, issuable to non-commissioned officers or men who continue to serve with the Auxiliary Forces as pensioners subsequent to discharge.

2. Recruits for Militia will not be assembled for more than twelve, or for less than eight weeks, including the annual regimental training, which will be limited to twenty-seven days; but they may be called up for a period of three months immediately preceding the assembly of their corps, in which case they will be dismissed and not be required to attend the regimental training.

3. The permanent duty of Yeomanry Cavalry regiments will not exceed eight days, to include the days of marching.

4. On the 1st February in each year general officers will report to the adjutant general, on a form according to the specimen attached hereto, the dates and arrangements fixed up to that day, and complete these reports for their respective districts as soon after as possible. The latest report will be due on 1st April.

5. General officers commanding districts will, on the 1st December in each year, make application to the Secretary of State for instructions as to whether these forces are to be trained during the ensuing year, and for what periods.

6. Paragraph 1, Clause 19, Auxiliary and Reserve Forces Circulars, 1872, is hereby cancelled.

Cl. 14.—Inspection of the Accounts of the Auxiliary Forces.

1. It is hereby notified, with reference to the Secretary of State's instructions, paragraphs 13 to 18, on the Royal Warrant of 22nd October, 1877 (Clause 170, Army Circulars, 1877), that the periodical inspection of paymasters' accounts, therein directed to be made by officers specially deputed for the purpose by the Secretary of State, is intended to embrace the accounts of the Auxiliary orces, including those of the clothing and contingent allowances authorized for Yeomanry Cavalry regiments by Clause 54, Auxiliary and Reserve Forces Circulars, 1876.

2. Commanding officers are therefore requested to afford every facility which may be necessary for conducting this duty.

Cl. 22.—Commissions in the Army.

1. On and after the 1st January, 1879, the system of permitting officers commanding Militia regiments to nominate subalterns of their regiments for commissions in the Army will be discontinued, and any subaltern officer of a Militia regiment who may wish to become a candidate for an Army commission will, subject to the conditions hereinafter prescribed, be allowed to compete for a commission in an examination in military subjects.

2. These competitive examinations will be held twice a year, in the months of March and September, before Boards of Officers appointed for the purpose at the several stations named in the Appendix A. [*not printed in Army List*], and, subject to the rule as to age in paragraph 5, candidates will be allowed three trials only, which trials must take place at consecutive examinations. The first examination in the year 1879 will, however, be specially deferred from March until June.

3. Examination papers will be prepared by the Director General of Military Education, and due notice will be given of the days on which the examination will be held.

4. The subjects of the competitive military examination will be those named in the Appendix B. [*not printed in Army List*].

5. An officer who is recommended as a candidate will be required—

(*a.*) To be within the ages of 19 and 22 on the 1st of January immediately preceding the competitive military examination which he may be allowed to attend.

(*b.*) To have served two annual trainings, and to have passed the examination and obtained the certificate, W. O. Form 748, required of a subaltern previous to the end of the second training after his appointment.

candidate. In the event of the officer commanding the regiment being unable to recommend the candidate, the special reasons will be stated.

7. The application must be forwarded to the Military Secretary, Horse Guards, War Office, prior to the 1st January and 1st July, respectively, except as regards the examination specially deferred till June, 1879, for which applications will be received up to 1st April, 1879, and should be accompanied by—

(*a.*) Certificate of birth, or, in default, a declaration made by one of the candidate's parents or guardians before a magistrate, giving his exact age. A certificate of baptism cannot be accepted in lieu of a certificate of birth.

(*b.*) Certificate of having served two annual trainings.

(*c.*) The certificate, W. O. Form 748, showing also the date on which the finding of the board which granted the certificate was approved.

(*d.*) A certificate from the Civil Service Commissioners that the candidate has passed the examination described in Appendix C. or an university certificate as prescribed on Appendix D.

(*e*) The candidate's address, and an intimation as to which of the stations named in the Appendix A. he would wish to attend for examination.

8. On the receipt of the application and documents referred to in paragraph 7, instructions will be issued to the candidate as to the place and time at which he will be required to present himself for the competitive military examination.

9. The examination before the Civil Service Commissioners referred to in paragraph 5 (*c*), will be held twice a year, in the months of April and October.

10. A Militia subaltern who is desirous of attending the examination before the Civil Service Commissioners, must apply accordingly to his commanding officer, at such a date as will allow of the commanding officer forwarding the application to the military secretary not later than the 15th February or 15th August, for the April and October examinations respectively. The commanding officer in forwarding the application will certify that the subaltern in question is, having regard to the maximum limit laid down in paragraph 5 (*a*), eligible in point of age, and that he is prepared, when necessary, to recommend him in the manner prescribed in paragraph 6. Not more than three trials at these examinations will be allowed.

11. Until further notice, sixty Army commissions will be allotted to the successful competitors at each of the half yearly competitive examinations.

12. Clause 29, Auxiliary and Reserve Forces Circulars, 1878, is hereby cancelled.

G.O. 1.—Death of H. R. H. Princess Alice.

(Specially issued, 16th December, 1878.)

His Royal Highness the Field Marshal Commanding in Chief has received Her Majesty's commands to direct, on the present melancholy occasion of the death of Her Royal Highness the Grand Duchess of Hesse, Princess Alice of Great Britain and Ireland, second daughter of Her Majesty the Queen, that the officers of the Army be required to wear, when in uniform, a band of black crape round the left arm, as prescribed by the regulations.

GEN. ORDERS—*continued.*

G.O. 2.—Army Schoolmasters.

The Lords of the Committee of the Privy Council on Education have notified that they will be prepared to accept service in Army schools, and certificates of good character from the Director General of Military Education, as satisfying the conditions of Article 59 (1 *b* and *c*) of the New Code of Regulations (1878) while it remains in force.

G.O. 3.—Sub-Inspectors of Army Schools.

The inability of a sub-inspector of Army schools to perform his duties through illness must invariably be reported to the general or other officer commanding the district or garrison in which the sub-inspector is serving. Should the illness exceed one week, or should any special duty be interrupted by it, the circumstance is to be reported by the general or other officer commanding to the Director General of Military Education.

G.O. 4.—Registration of Births.

I. In cases where a baptismal certificate cannot be obtained from a chaplain to the Forces, non-commissioned officers and men will be required to furnish the adjutants of their respective corps with a certificate of the birth of their children, instead of the baptism, as heretofore.

II. This certificate can be obtained from the district registrar, at the time of registration, for the sum of 3*d*.

III. Sect. 23, paras. 45 and 47, of the "Queen's Regulations and Orders for the Army, 1873," should be amended accordingly.

G.O. 5.—Deserters' Routes.

The following addition will be made to section 6, "Queen's Regulations and Orders for the Army" (paragraph 77*a*).

77*a*. When the route of an escort lies through the metropolis, the escort will, when practicable, proceed on to its final destination. In order to expedite the transit between stations, the Metropolitan Railway may be used. When, however, halting for the night in London is unavoidable, the deserter is to be lodged in the House of Detention in Clerkenwell, but not in the House of Correction at Cold Bath Fields. The escort, after delivering over the deserter, is to proceed to St. George's Barracks, Trafalgar Square; and the non-commissioned officer in charge will then report himself, and hand over his route to the Brigade Major, Brigade of Guards, Horse Guards, Whitehall; or, if after 5 p.m., to the Garrison Serjeant Major, St. George's Barracks.

G.O. 6.—Equipment.

I. Patterns of a bullock trunk, campaigning bag, and canteen have been approved, in order to ensure uniformity in the equipment of officers in the field, and samples have been deposited for inspection at the Horse Guards (War Office), as well as in the pattern room of the Ordnance Store Department, at the Royal Dockyard, Woolwich.

II. One canteen is suitable for all cooking purposes for three officers, in which proportion it should be provided by regimental officers. Staff and departmental officers will each provide themselves with one.

III. The trunk and bag are adapted for pack-saddle transport. The former is provided with straps and iron loops to hang it upon the saddle hooks, and the latter with leather keepers to receive the baggage straps which form part of the service pack-saddle equipment.

G.O. 7.—Field States.

The forms of Divisional and Brigade Field States printed in the Appendix [*not printed in Army List*] will in future be adopted at all home stations.

G.O. 8.—Garrison Libraries.

I. With a view to prevent the sale of duplicate copies of standard works in good condition, it is to be clearly understood that G.O. 14 of 1878 authorizes the sale of such books only as have previously been condemned as unserviceable by the quarterly board

Digitized by Google

GEN. ORDERS—*continued.*

of officers, and that duplicate copies of books in a serviceable condition, if not required in the library at one station, are to be transferred, under proper authority, to that of another. On no account should any sale take place at stations within the command of a general officer without his authority having been first obtained.

II. A copy of this order will be hung up in a conspicuous place in every library, and the attention of the quarterly boards of officers and of the garrison library committees is to be drawn to it by the librarian at each quarterly or intermediate inspection.

G.O. 9.—Promotion of Non-commissioned Officers.

No promotions will be made in battalions stationed at home so long as there are supernumerary non-commissioned officers at the brigade depôt, who, being brigade men, are available to be transferred to such battalions to fill vacancies which may occur.

G.O. 10.—Recruiting.

I. The following instructions are to be substituted for those laid down in sect. 19, para. 11, of the "Queen's Regulations and Orders for the Army, 1873," with reference to the mode of taking the chest measurement of recruits, viz. :—

II. The recruit is also to be measured by placing the measuring-tape round the chest, its posterior upper edge passing immediately below the shoulder-blades, its anterior lower edge touching the upper part of the nipple, the arms hanging loosely; the tape should not be drawn so tight as to compress the surface.

III. The tape having been applied agreeably to the directions in the preceding paragraph, the recruit should be made to count slowly from 1 to 10, and the measurement of his chest shown by the tape when he has finished counting 10 is to be considered the correct measurement of the chest.

IV. The approving field officer and recruiting officer will no longer be held responsible for the correctness of this measurement, which will now form part of the medical examination.

V. When a commanding officer considers a recruit, on arrival at the regiment, to be deficient in chest measurement, he will, after personal supervision of such measurement, report on the subject to the adjutant general, and request instructions as to the disposal of the man.

G.O. 11.—Serjeants' Messes at Brigade Depots.

I. When a Militia regiment is quartered at the same station with a brigade depôt, the non-commissioned officers of the permanent staff of the Militia regiment will be allowed, as a tentative measure, to become honorary members of the serjeants' mess of the brigade depôt.

II. This arrangement will be tried for nine months, from the 1st January, 1879, and, at the expiration of that period, officers commanding sub-districts, after obtaining the opinions of officers commanding Militia regiments, will report thereon, through general officers commanding, for the information of His Royal Highness the Field Marshal Commanding in Chief.

G.O. 12.—Staff College.

I. With reference to G.O. 28, of 1876, the regulations regarding the examination of officers who may be candidates for admission to the Staff College in February, 1880, will be the same as those issued in G.O. 1 of 1877, except that the subjects of examination in Military History, &c., will be those mentioned in G.O. 80 of 1878.

II. The examination will commence in London on the 10th of June, 1879, and at foreign stations on that day, or as soon after as the examination papers shall be received from the Director General of Military Education. In each case of delay a special report should be made.

G.O. 13.—Staff College.

I. The subjoined list of officers who have passed the final examination of the Staff College is published for the information of the Army, the names being arranged in regimental order.

II. These officers (with the exception of those who have received other orders) will join their respective regiments (or depôts should the regiments be abroad) on the 1st

GEN. ORDERS—*continued.*

III. The following will be substituted for paragraphs 33 and 52 :—

33. When an officer is promoted in his regiment, or to another battalion of the same regiment, he is to pay, in like manner, a sum not exceeding the difference between thirty days' original net pay of the rank previously held, and of the rank attained. If he exchanges, or is transferred in the same rank, or promoted to another regiment,—or exchanges, or is transferred for his own convenience to another battalion of the same regiment,—he is chargeable with the whole amount of contribution in the regiment in which he is promoted, or regiment or battalion to which he exchanges or is transferred; but he is not to be charged with payment to the mess fund of his former corps or battalion beyond the month during which his removal has taken place.

52 The following contributions and subscriptions to the band fund are to be paid by regimental officers, the rules as to exemption, mode of payment, and liability to pay on exchange, transfer, or promotion being the same as those laid down for contributions and subscriptions to the mess fund, except that officers below the rank of captain will not be required to contribute or subscribe, and that married officers will always pay full instead of half subscriptions.

(*a*) All regimental officers on attaining the rank of captain will contribute a sum to be fixed by the commanding officer, but not exceeding twenty days' original net pay of a captain; and, on promotion to major or lieutenant-colonel, will further pay a contribution not exceeding the difference between twenty days' original net pay of the rank previously held and of the rank attained.

(*b*) All regimental officers above the rank of subaltern will pay an annual subscription not exceeding twelve days' pay, to be made in quarterly payments in advance.

IV. G.O. 3 of 1876, and G.O. 11 of 1876, are cancelled.

G.O. 16.—Indian Staff Corps.

It has been decided, with the concurrence of the Secretary of State for India in Council, that exchanges between officers of Line regiments and Indian Staff Corps shall be restricted to the subaltern rank, and will be sanctioned only when immediate and suitable employment is available for the officer exchanging into the Staff Corps, subject also to the exchange being approved by the Government of India.

Erratum.

In G.O. 113 of 1878, paragraph III., *for* "3rd section" *read* "34th section."

REGULATIONS RESPECTING

FOREIGN MEDALS.

148
533 & 610

1. Applications for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which they may grant such permission without any other formality.

2. Any British subject is at liberty to accept and wear a Foreign Medal, not being the decoration of a Foreign Order, bestowed by competent authority for acts of bravery in saving human life. An officer, soldier, marine or sailor must, however, first obtain permission from the Commander in Chief or the Lords of the Admiralty, as the case may be.

3. No permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

SIMPSON & NEPHEW,

Hunting and Military Saddlers,

WHIP & HARNESS MANUFACTURERS,

325, NEW CROSS ROAD, LONDON.

ESTABLISHED A.D. 1734.

TERMS—10 per cent. discount for prepayment; 5 per cent. discount, with 3 months' credit, or 6 months' credit nett, or an extension of credit by arrangement.

ROYAL ARTILLERY OFFICERS' HORSE EQUIPMENTS, best quality, complete for £23, guaranteed strictly to Regulation.

TO OFFICERS OF THE ARMY.

WE have the pleasure to offer a revised and reduced List of Prices for plain and Military Saddlery, Harness, Horse Clothing, &c.

On account of the competition of Co-operative Societies, dealing exclusively on a ready-money basis, we have found it desirable to lower our prices, and allow a liberal discount for prompt payment, with the option of reasonable credit on nett terms, if preferred. Taking this into consideration, it will be seen that our prices bear comparison with co-operative quotations, and for make, style and durability our manufactures are acknowledged to be greatly superior. Whilst contenting ourselves with a small profit, we shall endeavour to keep up the high standard of excellence which has made our goods well known and appreciated for the past century. All commands will have immediate attention.

DENT'S CHRONOMETERS,

WATCHES, and CLOCKS have long held pre-eminent rank, as may be seen from the Reports of various scientific persons:—

THE ASTRONOMER ROYAL, (SIR G. B. AIRY,) in his Report to the Admiralty (**13th of August, 1870**) on the forty Chronometers entered for annual competition, says of M. F. DENT'S Chronometer—

"THIS IS THE FINEST CHRONOMETER THAT WE HAVE EVER HAD ON TRIAL."

N.B.—The LATE ASTRONOMER ROYAL (J. POND, Esq.), reporting in 1829 on the celebrated public trial, by order of The Lords of the Admiralty, which lasted thirteen years, during which nearly 500 Chronometers were tested, says:

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year 0·54 hundredths of a second. This is superior to any other yet tried."

THE RUSSIAN IMPERIAL ASTRONOMER, M. STRUVE, of St. Petersburgh, reporting upon 81 Chronometers tested by the Russian Chronometrical Expedition, in 1843, says:

"The DENT CHRONOMETERS have held FIRST RANK in a brilliant manner. They contributed, beyond dispute, THE MOST EFFECTUALLY to the exactitude of the results.

"M. STRUVE."

*** *By Command of the Emperor, the Russian Gold Medal of the Highest Order of Merit was presented to Mr. DENT.*

SIR WILLIAM ARMSTRONG, Inventor of the Armstrong Gun, says:—

"9, HYDE PARK STREET, W., 14*th November*, 1861.

"The Chronometer Watch you made for me in December, 1859, has never been affected by travelling or riding; its variation at the end of a year was only 45 seconds. It has proved in every respect a most satisfactory Watch.

"W. G. ARMSTRONG.

"Mr. M. F. DENT,
33, Cockspur Street, Charing Cross."

The Report on CHRONOMETERS, WATCHES, &c., by the Judges at the Philadelphia Exhibition, can be had on application.
